

## General Programme Overview

### Q1. What is the Infinity Series?

SGInnovate's Infinity ( $\infty$ ) Series is a **Deep Tech Immersion Programme** that places motivated and talented students in vital roles within technical teams while curating a meaningful development journey in core technical functions such as Software Development, Data Analytics, UI / UX design and Product Management etc.

### Q2. What is the difference between Infinity Series and the Summation Programme?

The Summation Programme is open to full-time students and graduates to work on Deep Tech projects in areas such as **Artificial Intelligence, Quantum Computing, Robotics, etc.**

In comparison, the Infinity Series is open to full-time students to take on **technical, Deep Tech projects** in specialisations such as **Software Development, Data Analytics, UI / UX design and Product Management.**

For more Deep Tech related roles such as Data Scientists and AI / Quantum Engineers, please apply for the [Summation Programme](#) instead.

### Q3. How will the Infinity Series benefit full-time students?

The Infinity Series provides students with exposure to the product development lifecycle of Deep Tech products and opportunities to develop their technical capabilities which would boost their employability when they graduate. The programme provides new opportunities for organisations and talent to explore a deeper long-term working relationship in the future as well.

## Before Application

### Q4. Who is eligible for the Infinity Series?

Singapore Citizens / Permanent Residents	Foreigners
Current Polytechnic Students, Undergraduate, Master's or PhD students from Institutes of Higher Learning (IHL)	Current Polytechnic Students, Undergraduate, Master's or PhD students from Institutes of Higher Learning (IHL) in Singapore*

\*If the applicant is holding a Student Pass in Singapore, he/she is only allowed to work he/she meets specific requirements. Click [here](#) to find out more.

The applicant must be able to showcase relevant skills and knowledge for the project that he/she applies for, e.g.:

- Academic courses in IHLs

## Infinity Series - FAQ for Students

- Online courses (e.g. Coursera, Udemy)
- Projects (e.g. Github, Stackoverflow)
- Working experience (e.g. internships, part-time, freelance)
- Awards and competitions (e.g. Hackathons, Datathons)

Please refer to our website to see the specific eligibility criteria for the respective roles.

### Q5. Do all organisations offer the same projects and roles?

No. Each organisation will provide the scope and specify the duration unique to the roles and projects offered.

### Q6. Can I use the Infinity Series as a credit-bearing internship?

Applicants will need to check with their schools on such arrangements, SGInnovate does not determine this.

### Q7. What is the Infinity Series duration?

The duration of the programme varies according to the project requirements and the talent's availability. If talents wish to extend the attachment period, they will need to make arrangements with the organisation separately.

<b>Full-Time Students</b>
3 – 6 months with a required minimum commitment of three (3) months full-time

### Q8. What is the stipend amount that I will be receiving?

The total package amount varies on the applicant's education level:

<b>Education Level</b>	<b>Monthly Total (SGD)</b>
Diploma students Undergraduates	\$1,500
Master's students	\$2,000
PhD Students	\$3,000

### Q9. When is the application deadline?

Please submit your completed application form by the following deadline. Submissions will **NOT** be accepted after the stipulated deadline. Applications will be processed every two (2) weeks on a rolling basis. Interested applicants are encouraged to apply early as job vacancies and projects will be closed once a match is found.

Deadline for Student Application
15 Jan 2021, 12.00 pm (SGT)

### Q10. Can I amend my application after I have submitted?

The system allows an applicant to edit his/her submission. However, only the last application submitted before the deadline will be considered.

## Selection Process

### Q11. How will I be matched to the role/organisation?

Applications will be evaluated against the respective criteria of each role the applicants have identified in their preference selections.

### Q12. What are the technical skills required for this talent programme?

Programming related roles/projects will typically require proficiency in at least one programming language. Ability to showcase relevant knowledge and/or experience related to the role/project is more critical. Please refer to this [link](#) to see the specific eligibility criteria for the respective roles/projects.

### Q13. What is the shortlisting process?

There are two stages of the shortlisting phase:

#### **Stage 1: Technical and / or Cognitive Assessments**

There will be **several assessments** that applicants will take based on the roles they are shortlisted for.

#### **Stage 2: Interviews**

Shortlisted applicants who successfully pass the technical assessments will be invited to attend the interview sessions with organisations and SGInnovate.

## Q14. How and when will I know the outcome of my application?

Applicants will be informed of their application status via email. Shortlisted applicants will receive additional instructions.

## Post Selection

## Q15. What will happen after I am selected?

Selected talents will sign a contract with SGInnovate and the organisation before starting the programme.

## Q16. When and how will I be receiving my stipend?

The talent's monthly stipend will be paid out along with the organisation's monthly payroll.

## Q17. I am a Singaporean/Permanent Resident, will I be paid CPF?

CPF is exempted under the Infinity Series.

## Q18. What will happen upon the completion of the Infinity Series?

Talents will be awarded with a certificate of participation. Any working agreement (for example, part-time work) beyond the stipulated duration will be arranged directly between the talent and the organisation. SGInnovate will not be involved.
